LIBRARIAN'S REPORT

CIRCULATION

Adult Fiction	2,807
Adult Non-fiction	2,575
Juvenile Fiction	3,398
Juvenile Non-fiction	1,597
Recordings	26
Total	10,403

Circulation for 1971 was up 1,450, or approximately 14% over the 1970 figure of 8,953. July, which is normally one of the slower months, was the high month of the year with a circulation of 1,042. The increased use of the library by adult readers did not slack off during the month and even though we were conducting a very successful Children's Reading Program at this time the adult circulation for the month was 499 with the children's figure just slightly higher at 543.

Circulation figures show only a part of the activity that goes on in a public library. We also answer many questions for the general public both of a reference nature but also questions about the community such as where to find town official, zoning ordinances etc. We have story hours for our young people, prepare and give book review programs for town organizations, help school children find material for reports on many subjects. The list could go on at some length.

250 books were added to the library collection during 1971. 144 were purchased either from the regular book budget or from gift money. We also received $100.00 from the State Library Grant-in-Aid funds for reference books.

Memorial Books were given in Memory of Horace P. Blodgett by Mr. and Mrs. Walter Spalding and in Memory of Harold Bodwell, Sr. by Dolly Jacobs.

Lois Hall presented the library with the Britannica's Pre-School Library — First Adventures in Learning Program. There are 13 books in this series and have proved very popular with our pre-school and primary grades youngsters. Shirley Maryea gave the library a set of Children's Classics that have enabled us to discard some of our more battered classics and given us duplicates of some of the very popular classics. Gift books were also given by Miss Edith Spurr of Stratham, the Dillenbecks,

Marion Welch and Col. and Mrs. Audrey Haines. We received a large selection of books from the estate of the late Dr. Clifford Rounsfell. These books have not all been added to the collection as yet as I have not had time to process and catalogue them.

New shelving for the younger children's books was donated by the Friends of the Library. This has not only given us more shelf room but as they are adjustable and we were able to use a color coding system for shelving them, the books are now in better order.

The Friends sponsored a Supper Program for National Library Week at which Judith Kimball presented a program on the History and Art of Witchcraft. In November a Morning Coffee and Book Review was held at the home of Joan Engel. The Friends also helped with the party at the conclusion of the Summer Reading Program.

The Library was closed for a week before the start of school in September for purpose of cleaning, weeding, and inventory. Many people donated their time to assist the librarian with this project. Ann Greenwood, Dolly Jacobs, June Armstrong, Jean Mertinooke, Marian Kimball, Joan Engel, Betty Bodwell, Ann Akehurst, Martha Kimball, Donna Cole and Susan Bodwell all helped. I sincerely hope that I have not overlooked anyone on this list but if so I am sorry and my deepest thanks go to each and every one of you.

A used book sale was held upstairs in the library on Saturday during the months of September and October. Dolly Jacobs donated many hours to getting ready for this sale and Eleanor Henry and Ann Greenwood deserve special commendation for their faithful attendance at the sale.

Joanne Haines and Maron Welch have volunteered many hours of help during the year on Thursday mornings. My thanks to them. Sally Head is chairman of the Friends Group and she is always ready to help out at the library when an emergency arises.

June Armstrong continues to perform the duties of Assistant Librarian in a capable manner. June is especially valuable during the special time on Thursdays when the school children visit the library by classes with their teachers. She is an adept story teller as well.

Theresa Garneau has made the library a number of permanent exhibits this year. The conservation exhibit has gone on tour to neighboring libraries and is currently at the North Hampton Library. She has also made exhibits on the Abankie Indians, a Halloween, Thanksgiving and Christmas exhibits. This has been a great help to me and everyone who has come into the library has admired them.

I wish to thank all of the Public Library Trustees, The Social Library Trustees, The Friends of the Library and the library patrons for all of their interest and help during the year. I also want to thank the teachers of the Elementary School for their cooperation.

Respectfully submitted

LUCY BLODGETT
Librarian

REPORT OF THE PLANNING BOARD

The Planning Board has had a particularly active year.

Following the passage of fourteen new ordinances in March the Board prepared and issued to every voter a handbook containing all the land-use ordinance of the town. It has instituted a monthly public meeting in the town hall (first Thursday at 7:30) in the hope of improving even further its generally excellent communications with townspeople.

Not surprising, the new ordinances have raised a series of problems of interpretation and procedure, and it is generally agreed that a year will be well spent refining the present ordinances and procedures rather than developing new ones.

Meanwhile it is clear that the ordinances now on record have already had a material effect in restraining haphazard and speculative developments damaging to the interests of the town as a whole. The Board will continue its effort to be vigilant and to be responsive to the expressed interests of its fellow citizens.

OFFICERS OF THE KENSINGTON POLICE DEPARTMENT

Arthur Wiggin Jr. Stanley Knapp

The year 1971, the town of Kensington saw a slight decrease in automobile accidents. Unfortunately we had two motor vehicle accidents that resulted in fatalities.

Goals for the coming year have been established as continued and increased weekend and night patrols, eforts have been made to continue a Highway Safety Program with Federal financial assistance.

In the past year we saw a substancial increase in criminal activities and vandilism in our town. House break were at an all time high with fifteen that were investigated by the police department, and the State Police. The approximate value of the property that was stolen in the past year, is in excess of fifteen thousand dollars.

I would like to express my appreciation for the cooperation the department has received from the citizens of the Town of Kensington, The Board of Selectman, Rockingham County Sheriff's Office, State Police, Police Departments in bordering towns and citizens from other towns.

Mr. Stanley Knapp has been appointed a member of the Police department. Your cooperation will be appreciated in the execution of his duties. Mr. Knapp will be attending all available schools and seminars that are available as will other members of this department.

Chief

REPORT OF CONSERVATION COMMISSION

On May 12, Melvin Armstrong, Betty Brinkerhoff, Martha Briggs, Harold Bodwell, Robert Sargent and Seth Perry were sworn in as members of the Town's first Conservation Commission.

In September we held our first meeting. Mr. Floyd Baker of the University Extension Service briefed us on duties of a conservation commission and told us what some of the other towns are doing to solve some of their enviornmental problems. At our next meeting Jim Hayden of the Soil Conservation Service showed us some maps pertinent to our duties and suggested how he could be of further assistance to us.

The Commission distributed a questionaire in November hoping to determine what the townspeople felt should be done to preserve the natural and culturally enhancing features of the town. Although we did get some good suggestions, the number of forms returned was dissappointing. We do not believe this indicates a general feeling of apathy, and hope that anyone interested in these matters will contact us or attend one of our meetings.

The Town is being asked by the Commission to designate the following roads "scenic highways" in accordance with State Law 253:17:

Wild Pasture Road
Moulton Ridge Road
Muddy Pond Road
Stumpfield Road
North Road
Hilliard Road
Trundle Bed Road
New Boston Road

Trees may not be cut, nor stonewalls removed from roads designated as "scenic highways" for road improvements without the consent of the Selectmen or the planning board. At the same time the Town will still be eligible for State Aid and TRA funds.

The Commission is also asking for $100.00 to defray -expenses and pay for membership in the New Hampshire Association of Conservation Commissions. This Association has already granted us $75.00 "seed money" for which we agreed to pay back $35.00 as the first year's membership dues.

Respectfully submitted,
Seth H. Perry, Chairman

RECREATION COMMISSION REPORT

Mr. John W. York, Chairman
Kensington Board of Selectmen
Town of Kensington
R. F. D. # 2
Exeter, New Hampshire 03833

Dear Mr. York:

I am pleased to forward to you the enclosed check in the amount of $1,303.34 as reimbursement from the Land and Water Conservation Fund for the developement of a ballfield, parking area and toilets and Recreation Area under New Hampshire project number 33-00017.

This second and final reimbursement represents the full amount of participation granted for the project. Of course, final completion will be subject to audit at some time in the future.

I wish to commend you and the Town of Kensington, particularly the Kensington Recreation Commision for the succesful completion of this outstanding project. Your efforts have been so successful that we have recommended to the Bureau of Outdoor Recreation that the Kensington project be the subject of an article in one of their publications. The Bureau has indicated that they would be quite interested in using your project as an illustration of the use of Land and Water Conservation Fund assistance by a small town. We hope that your project receives the attention it justly deserves.

I would like to thank you for giving us the opportunity of assisting you in this project and look forward to working with you in the future.

Very truly yours,

George Gilman
Commissioner

EXETER AREA VISITING NURSE ASSOCIATION

ANNUAL REPORT 1971

1971 has been a year of expansion and growth for the Exeter Area Visiting Nurse Association. At present, there are three full-time and four part-time registered nurses, one physical therapost and one secretary-bookkeeper.

A total of 4,591 nursing visits and 1,264 physical therapy were made in the ten towns covered by the service.

The Agency provides the service of a Home Health Coordinator to the Exeter Hospital on a part-time basis, thus insuring the continuity of care for patients requiring extended care when discharged from the hospital to their home.

A new Well Child Conference has been initiated and will be held monthly to provide immunizations and physicals to infants and pre-school children of eligible families.

The Exeter Area VNA is a service interested and involved in the prevention as well as the treatment of the disease.

More information may be obtained by calling your local representative, or the Visiting Nurse Association office at 21 Prospect Avenue, Exeter, N.H., phone 772-2981.

REPORT OF SUPERINTENDENT OF SCHOOLS

The new school year began with a Union-wide faculty meeting at the Area Junior High School on Tuesday, September 7, 1971. Classes opened for instruction on Wednesday, September 8, 1971.

Kensington Elementary School opened the year with 133 pupils, a decrease of 3 pupils over the beginning days of school a year ago. This represents a 2.2% decrease compared with a 9.3% increase a year ago.

Miss Whittemore, in her annual principal's report, has called attention to Mrs. Carol Graves, reading teacher, and the work she has done in conjunction with the other teachers to establish a successful reading program. A reading center was established this past year aided by local School Board funds. ESEA:I, federal funds were available to Kensington for the first time this year; these funds being so limited, a joint project with East Kingston was approved. The new joint project further augmented the development of the reading center. There have been eleven volunteer aides working with pupils and teachers this year. This has been a source of very great material aid to the work of the school; our gratitude to these volunteers is unsurpassed.

A School Board representative from Kensington has been working with a Supervisory Union 16 study committee concerning the public operation of the Rockingham School for Special Children. The 1971 General Court, having made education mandatory for all handicapped children, has impressed upon all local school districts the obligation for identification, proper placement and appropriate education for all children capable of learning. This law gives new impetus to Supervisory Union 16 districts to cooperate in joint operation of the Rockingham School.

The State Legislature effected major cut-backs in the education budget for the biennium 1971-73. Financial aid in all cate gories were reduced by more than 50% for 1971-72. New Hampshire, which ranked 49th among the states in 1970-71 with 11% of local education expenditures reimbursed by the State, now ranks lowest in the nation with only 4% of local budget financed by State aid.

Unless some means of adequately and equitably financing local schools is found - we shall soon see a significant decline in the quality and quantity of education relative to schools in other states more fortunate than our own.

There were two teachers new to the Kensington School in Sept. 1971. Both were replacements. The present staff and their respective assignments are listed below.

Principal and Teacher, Miss Robin Whittemore.
Grade 1, Mrs. Karen Ouellette.
Grade 2, Mrs. Ruth Sargent.
Grade 3, Miss Joanna Irvine.
Grade 4, Mrs. Mary Knightly.
Grade 5, Steven Bodnar.
Remedial Reading, Mrs. Carol Graves.
Music, Mrs. Sally Wool.
Secretary, Mrs. Gloria Lizotte.
Custodian, Robert Sargent.

The tuition rates for 1972-73, as approved by the State Department of Education and announced by the Exeter School Board, are:

Estimated per pupil cost for 1971-72.	
Grades 9-12	$961.27
Rental charge	39.47
Total 1972-73 Area High School tuition	$1,000.00
Estimated per pupil cost for 1971-72	
Grades 7-8	$756.72
Rental charge	37.07
Total 1972-73 Area Jr. High Schol tuition	$794.00

These estimated per pupil costs for 1971-72 are the basis for setting tuition rates for 1972-73 in accord with the AREA contract; a rental charge is added to make up the total tuition. The new tuition rates for 1972-73 compare with the state average per pupil costs of $896.00 per High School pupil and $799.00 per Junior High Schol pupil, exclusive of rental charges. One should note that the state average is based on operating expenditures for all New Hampshire schools for the year 1970-1971. This places the state costs 2 years in arrears of tuition year costs while Exeter costs upon which tuition is based are one year in arrears of tuition year costs. This is the first year since the advent of the AREA contract when tuition has declined at the Junior High School. The $82.00 increase in AREA High School tuition for 1972-73 represents the lowest annual increase in High School tuition during the past three years; previous increases have each year exceeded $100.00.

KENSINGTON TOWN REPORT

It is with a feeling of loss that we consider the departure of Greenland from Supervisory Union 16, effective July 1, 1971 by order of the State Board. Greenland will become a part of the Portsmouth Union after many years of harmonious affiliation with Union 16. Our good wishes go with them in their new partnership for education.

REPORT OF THE TEACHER CONSULTANT

Because so much of my work pertains to the handling of our Federal Projects, I should like to devote my part of the report to these programs.

The two towns of Kensington and East Kingston have received for the first time in 1971 - 72 a small Federal Grant under Title 1 ESEA. This grant is being used to strengthen our reading programs in these two schools. A special reading resource center for diagnosing and prescribing reading programs to students having problems in this area will be established. Mrs. Carol Graves will act as consultant to this project and will work with teachers and pupils with reading strategies. It is expected this will be a three year project and will greatly reinforce what the local school is doing with their reading programs.

Title II ESEA continues to have impact upon our libraries in the area. Through Federal Funding in the last three years, nearly 6,000 new books have found their way into our school libraries. The current year will see nearly 2,000 new titles arriving in our schools along with records, tapes, and filmstrips.

Title III NDEA is back this year with a sizable grant and the various schools will have special Mini Projects in Math, Social Studies, and Reading which will place new materials in the hands of students and teachers of Grades Two through Twelve.

All of the above titles require much planning, work, and Federal government "mechanics" to obtain but the net results to students are well worth the time and effort of your teacher consultant.

1972 REPORT OF THE BUSINESS ADMINISTRATOR

DANIEL C. DURGIN

I will preface my report by extending a welcome to the School District of Brentwood, which officially joined Supervisory Union #16 on July 1, 1971. Conversely on July 1. 1972, the School District of Greenland will leave our Union to become a member of Supervisory Union #52 in Portsmouth. I know we will all miss our associations with the people of Greenland. I can truthfully say that I have always found the School Board, staff and citizens of Greenland to be a very fine and co-operative group with which to work.

KENSINGTON TOWN REPORT

The ever present problem of financing public education continues in the forefront of major concerns to us all. The severe reduction of state funding, coupled with steadily rising costs, makes the task of holding down budgetary increase an incredibly difficult one. Certain school districts in Union #16, which, in the past years, have received welcomed assistance from the state in the form of payments from the foundation program, find themselves faced with the total loss of this support. Building aid, which has always been fully funded, was reduced nearly 50% this year. This is the first time since the start of this state support program in 1956-57, that the amount appropriated for the first year of the biennium has been insufficient for districts to receive their full entitlement.

Thus, school boards faced with the increased expenditures now find their finacial problems compounded dramatically by severe cuts in state assistance. I will not take the space here to enumerate solutions to this problem which have been put forth, except to say that it seems very clear to me that if we ever hope to give the property owner relief he is so very much entitled to, we must urge those who set policy to set as top priority, the fullest possible funding of existing state programs.

New Hampshire has a very fine foundation aid program, on the books. It is based on sound reasoning and, if properly financed would take positive steps toward providing equality of education statewide. However, this program, from its very inception, has never received proper funding.

Until we can be assured of reasonable state support, it seems clear that the property owner will continue to bear this crushing burden.

Hopefully better days lie ahead.

In an effort to improve our efficiency in the Union Office and to better serve our school districts, we are continually searching for ways to refine our administrative proceedures.

In line with this, I have committed a considerable amount of time this past year studying the application of data processing to our administrative functions. I am pleased to say that the Supervisory Union Board has given their approval to computerizing our entire Union payroll, utilizing the staff and facilities of Phillips Exeter Academy's data processing center. The administrative staff of the Academy has been most co-operative, and the costs involved for the type of service we will receive are extremely reasonable.

I am convinced that the conversion of our payrolls from a purely manual proceedure to a mechanized process will result in reduced time accuracy and efficiency. Further, it will provide the staff information regarding their pay and fringe benefits which has never been available to them before.

I am looking forward to our full conversion to this new procedure on July 1, 1972. I am hopeful that one year from now I can report to you very successful experience with new system.

In closing, my sincere appreciation to the school boards, staffs, and citizens of our several school district for their continued support and cooperation.

REPORT OF SCHOOL HEALTH SERVICES

To the Superintendent of Schools:

As with all educational personnel, the requirements of the school nurse are ever changing and increasing along with societal changes and demands. Listed in annual reports of previous years are the routine health measures carried out under the supervision of the school nurse.

Beyond this a considerable investment of time and expense has been made to become certified in closely related fields in which, services for our towns, are non-existant. For the past three summers, training in special individual educational and psychological testing has been completed for certification, thus eliminating the economic burden and delay of seeking these services elsewhere. Courses in elementary guidance and counseling have been completed and N.H. certification was received in October, 1971.

Society is changing and so is the process of health and education. School Health services vary according to the particular school and community. What should be included in one system, might be overlapping in another. In most departments, we find that coverage must be extended to meet the needs of the individual child and attending personnel, and it is none the less so with School Health Services according to the special provisions of the area.

There are often necessary variations to the nurse's schedule due to dates for physical examinations and other programs dependent upon visiting personnel, plus the need for alternating hours to fit in with a double session.

On May 26, 1971, a meeting of School Board members, Superintendent Adamo, Dr. Tuthill and myself offered opportunity for open discussion and suggestions in reference to school health services. Request for teacher training in First Aid was made — this to be the responsibility of the school nurse. As a result, following a special instructor's workshop during the summer, in Red Cross Multimedia First Aid, a course was organized and scheduled for teachers, principals and secretaries representative of all schools in my districts of Union No. 16. This course was directed by Mr. Robert Corbin and Mrs. Sherri Hanna of the Exeter Red Cross Chapter. We hope soon to have a modified course for Grades 5 and 6 children.

Another request was the elimination of all but most urgent travel. This has been conscientiously observed and we are grateful for the offer of school board members to supply transportation in emergency instances thus allowing the school nurse to remain at her post. A certain amount of travel, however, — the need for which must be weighed by the nurse — is essential in carrying out health services, particularly when school areas extend over a large territory.

Health education is an integral part of any school curriculum. Through education only can we expect returns from our efforts to establish good understanding and practices of health, hygiene, and safety among young people. We plan to make available interesting speakers, new films, filmstrips, publications, talking book machines and appropriate records, tapes and other aids ideally for use supplemental to special class units at a time when material will be most helpful. By request of Principals, scheduling can be arranged for actual classroom instruction by the school nurse in areas of health and safety.

Volunteer services are of increasing value throughout our schools. I am grateful for the continued cooperation of several very special people in my communities who have spent many hours screening and assisting in general, in the department. Without their contribution of time and effort our health service coverage would be sharply narrowed due to the wide area and enrollment for which we are responsible.

Parents are welcome and encouraged to visit the health office for conference concerning any health related problem. Communication between principal, teachers, special education personnel, psychological services, school pediatricians, and school nurse are vital in promoting an effective team relationship. With all personnel working together, in cooperation with parents, progress can be faster and surer.

I wish to extend my appreciation of the support of the school board, Dr. Adamo, Principal Robin Whittemore, members of the staff and our attending pediatricians for their interest and help during the past year.

Respectfully submitted,

VIRGINIA D. HOLDER, R.N.

RECORD OF THE 1971 SCHOOL DISTRICT MEETING---

Kensington, N.H. March 6, 1971

The annual School District Meeting was called to order by the Moderator, Horace M. Gourley, at 7:34 P.M. in the town hall. The warrant was read by the Moderator. Rev. John Akehurst gave an appropriate invocation and this was followed by the salute to the flag.

ARTICLE 1: To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the School District.

Leonard Miller, Sr. made a motion that the salaries remain the same. The motion was seconded by Charles Bickford. It was a vote in the affirmative.

ARTICLE 2: To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and to pass any vote relative thereto.

Joan Engle, chairman, of the School Expansion Needs Committee reported that with a projected school enrollment of 269 within the next five years that there is a definite need for added space, particularly several small rooms to be used for remedial reading and other special activities as well as a room large enough to contain all of the school at one time as well as needed future classroom space.

ARTICLE 3: To see if the District will authorize the School Board to appoint a building committee by May 1, 1971, and to employ an architect to study and prepare plans for an addition to the elementary school and for this purpose to raise and appropriate the sum of $300.00

Henry Dillenbeck moved the adoption of Article 3. The motion was seconded by Doris Swift. The Moderator declared the voice vote in the affirmative but his decision was doubted by Leonard Miller, Sr. and he called for a ballot vote. 67 votes were cast. Yes--43 No--24. The vote was in the affirmative.

ARTICLE 4: To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials and agents and for the statutory obligations of the District.

Charles George moved that the sum of $ 229,649.00 be raised and appropriated for the support of schools. The motion was seconded by Nora Tuthill. Discussion followed.

Charles George explained that there was an increase of $31,705.00 in the tuition cost and that an extra bus would have to be added. The vote was in the affirmative.

ARTICLE 5: To choose Agents and? or Committes in relation to any subject embraced by this Warrant.

Gordon Swift moved that we pass over Article 5. The motion was seconded by Dr. Tuthill. The vote was in the affirmative

ARTICLE 6: To transact any other business that may legally come before the meeting.

Charles Bickford questioned the reason for the teacher retirement figure raise. Richard Drew explained that in 1970 the retirement was 2% for less money and in 1971 it would be 3% for more money. Harry Bodwell moved for adjournment and the meeting was declared adjourned at 8:10 P.M.

The School Board appointed the following School Building Committee: Beverly George, Chairman, Henry Brown, Herbert Eastman, J. Clark Jacobs, Marjorie Wilbur, Charles H. Bickford, Richard Drew and Donald McLean. Serving in an advisory capacity were Robin Whitemore, School Principal, Charles George, School Board Member, Joan Engel, Ann Smith and Daniel Durgin, Business Manager for Union #16.
